## 8100 ESTER E-TECH 0W-40

**8100** ESTER E-TECH 0W-40 is created with the most advanced synthetic technology. 8100 ESTER E-TECH 0W-40 offers excellent film strength that prevents dry start-ups. An economical lubricant, 8100 ESTER E-TECH 0W-40 is specially designed for high output engines. Its wide viscosity range maintains stable performance at both high and low temperatures.

### SPECIFICATIONS

**Product**

8100 ESTER E-TECH

**Feature**

100% synthetic, ester-based. Good fuel efficiency. Provides outstanding lubricating properties and greatly reduces wear.

**SAE/DOT Standard**

0W-40

**Specification**

API SJ/CF, CCMC G5/PD2 &amp; ACEA A3/B3

**Maker's Approval**

VW502.00/505.00, MB229.1 &amp; Porsche

**Compatibility**

High-output engines &amp; the latest engine models.
